This catalogue is not a commercial offer and is for informational purposes only. In view of the constant desire to improve the quality and functionality of manufactured products, the producer reserves the right to make changes to the presented products. Product colours shown in the catalogue may differ slightly from the actual ones. The note relates in particular to wooden elements in which the change in colour and the arrangement of the rings is due to the natural characteristics of the wood. Detailed information on the specifics and characteristics of the products will be provided to you in showrooms or via website. The patterns presented in the catalogue are protected by copyright law, industrial property law and civil law. Production, tendering or selling furniture identical or similar to shown in the catalogue constitutes a violation of law and is subject to criminal and civil liability, specified in the relevant legislation. If you do not use this catalogue, show it to your friends. This way you protect forests.

TÜV certificates

▪ Safety ▪ Quality ▪ Solidity

The company is a holder of safety certificates issued by the Polish body of TÜV Rheinland Group. The right to use MONITORING + TEST mark does not only confirm compliance with a design, but also the quality of recurrence and stability of the company's production process.

The mark and the associated certificate, confirm the quality of certified products which can easily be distinguished on the market.

Ecology

Due to the fact that we take great care of our youngest clients, as well as the environment, as the only children's furniture manufacturer, we employ the ecological technology of painting with water-based lacquers, which are known for their safety and durability.

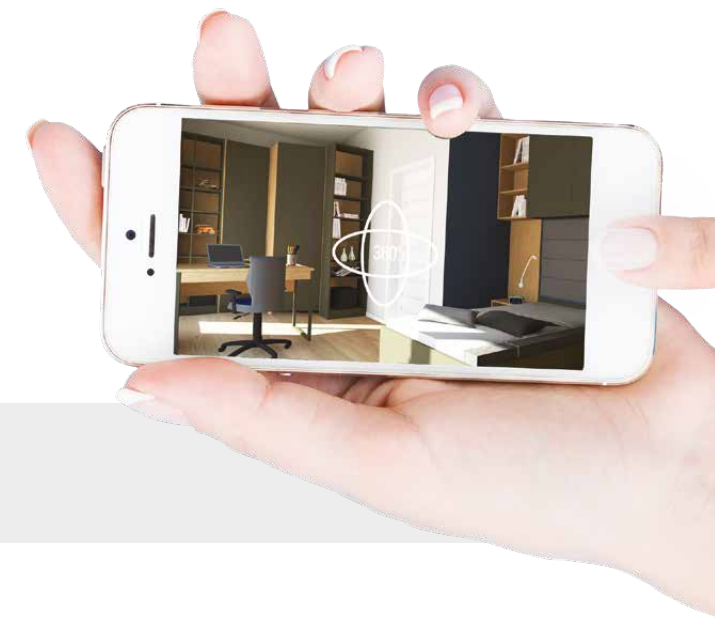

Engravings

Meblik employs a unique technology of the precise 3D engraving, and in combination with colourful water-based paints and prints results in unique 3D effects.

ADJUSTABLE TABLES AND CHAIRS

Table 67 Kids

For the little ones we have tables that grow along with a child. With them, you can arrange the perfect place to play, draw and eat.

Adjustable height thanks to an innovative solution - tightened, multi-coloured cubes allow to choose the proper level of the tabletop height, and at the same time serve as a decorative element matched to the shade of different collections.

If you wish to assemble the furniture by yourself, we will deliver your order, bring it into your house and tell you how to efficiently assemble it on your own. We will announce our visit and arrive on time! There is a 2-year warranty period for deliveries without assembly.

All Meblik stores offer a professional assembly service - ask your local showroom for detailed information on prices, execution time and lengths of the warranty periods. If you choose delivery with assembly service our experienced service-men will install, adjust and set up the furniture in the room, hang shelves and leave clean space behind.
